

# B&O JUNIOR JUNCTION

## STICK PAINTING

Create a masterpiece of your own using a stick as your brush!

### MATERIALS:

- Assorted colors of paint
- Any stick 4-6 inches in length
- Blank white paper
- Scrap paper or cardboard

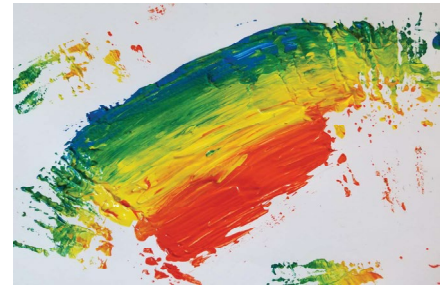

### INSTRUCTIONS:

1. Using your scrap paper or cardboard, make several side-by-side dots of paint about the size of a nickel.

2. Roll your stick in the paint. Move your stick across your blank piece of white paper to create your own design. You can stamp it, swirl it, or roll it!

3. Allow your painting to dry on a flat surface for a few hours, or until paint is dry to touch.
